About GERBERplanner 2000 Train the Trainer

The purpose of the CD is to educate you, a Gerber authorized trainer, on the fundamentals of cut order planning and to teach you how to operate the GERBERplanner 2000 program. It is recommended that you take a lesson and then PRACTICE.

Trainers should have a working knowledge of AccuMark before taking GERBERplanner 2000 training.

Chapters included on the CD are:

Theory

Glossary
